

Gavin M. Klorfine

Quantitative Methods in Psychology Graduate Student at York University

Email: gklorfin@yorku.ca | Website: gavinklorfine.com

Education

MA, Quantitative Methods in Psychology

September 2025 to Present

York University, Toronto, ON, Canada

- Supervisor: Professor Christopher D. Green
- Expected date of Graduation: July 2027

BSc, Specialized Honours, Psychology

June 2025

York University, Toronto, ON, Canada

May 2023 to June 2025

- GPA: 8.56 (out of 9.00), Graduated *Summa Cum Laude*
- Supervisor: Professor Christopher D. Green
- Thesis: The replication crisis: *p*-curves, *z*-curves, and stereotype threat

University of Western Ontario, London, Canada

April 2023

- GPA: 3.50 (out of 4.00)
- 66 course credits were achieved and subsequently transferred to York University in the continuation of my undergraduate degree

Thesis

Undergraduate Honours Thesis

- Title: The replication crisis: *p*-curves, *z*-curves, and stereotype threat
- Supervisor: Professor Christopher D. Green
- Synopsis: The purpose of my honours thesis was to investigate and compare proposed methods of detecting questionable research practices (QRPs) in large sets of results—with the goal being to help combat psychology's current replication crisis. This was done using the stereotype threat literature, which is an effect known to have issues replicating
- Date Completed: April 2025

Software Development

Friendly, M., **Klorfine, G.**, Jeppson, H., Hofmann, H., Cook, D. (2026). *ggmosaic2: Mosaic Plots in the 'ggplot2' Framework, Extended*. R package.

<https://doi.org/10.32614/CRAN.package.ggmosaic2> [[Click here for the vignette I authored](#)].

Friendly, M., & **Klorfine, G.** (2026). *vcdExtra: 'vcd' Extensions and Additions*. R package.
<https://doi.org/10.32614/CRAN.package.vcdExtra>. [[Click here for the vignette I authored](#)].

Research in Preparation

Klorfine, G., & Friendly, M. (manuscript in preparation). Steps toward tidy categorical data analysis in R.

Klorfine, G., & Green, C. D. (manuscript in preparation). Curves to detect bent truths: An investigation into *p*-curve and *z*-curve methods.

Research & Professional Experience

Consultant, Statistical Consulting Service (SCS) **September 2026 to Present**
York University, Toronto, ON, Canada

Research Assistant, DataVis Lab **April 2026 to Present**
York University, Toronto, ON, Canada

- *Principal Investigator:* Professor Michael L. Friendly
- Hired to edit and provide technical support for Dr. Friendly's (in-progress) textbook, [Visualizing Multivariate Data and Models in R: A Romance in Many Dimensions](#), to be published by CRC Press.

Research Assistant, GreenLab **July 2024 to Present**
York University, Toronto, ON, Canada

- *Principal Investigator:* Professor Christopher D. Green
- Research and analyze current trends regarding the (mis)use of statistics and artificial intelligence (AI)

Conference Presentations

Klorfine, G., & Green, C. D. (2025, May 24). *The replication crisis: p-curves, z-curves, and stereotype threat*. The Thirteenth Annual Canadian Statistics Student Conference (CSSC), University of Saskatchewan, Saskatoon, SK, Canada. [Oral Presentation]

Klorfine, G., & Green, C. D. (2025, May 9). *The replication crisis: p-curves, z-curves, and stereotype threat*. Conference for Undergraduate Health Research (CUHR) 2025, York University, Toronto, ON, Canada. [Oral Presentation]

Academic Awards and Recognition

- York University | Master's Fellowship—2025, 2026 \$ 10,806
- York University | PSYC 6136 Certificate of Excellence—2026
- Statistical Society of Canada | CSSC 1st Prize, Oral Presentation, Bachelor's—2025 \$ 100
- York University | Dean's Honour Roll—2024, 2025
- York University | Continuing Student Scholarship—2024 \$ 880
- York University | Provost Award—2023 \$ 1,000
- University of Western Ontario | Dean's Honour List—2023

Teaching Experience

York University

- Teaching Assistantships:
 - HH/PSYC 2021 3.0 A: *Statistical Methods I* Fall 2026
 - HH/PSYC 2020 6.0 F: *Statistical Methods I & II* Fall/Winter 2025-2026
- Guest Lectures and Speaking:
 - HH/PSYC 2020 6.0 F—*(Mis)using Statistics* March 18, 2026

Professional Workshops

Klorfine, G., & Laze, D. (2026, November; *Scheduled*). *Introduction to Python for Data Analysis*. Quantitative Methods Workshop Series, York University, Toronto, ON, Canada. [[Workshop page](#)] [[Materials](#)]

Klorfine, G., & Laze, D. (2026, June 26-28). *Introduction to Python for Data Analysis*. Quantitative Methods Workshop Series, York University, Toronto, ON, Canada. [[Workshop page](#)] [[Materials](#)]

Technical Skills and Qualifications

Programming Languages (and Development Environments)

- R (R Studio)
- Python (Visual Studio Code; standalone PsychoPy)

Statistical and Analytical Software

- Jamovi
- JASP

Document Preparation and Markup

- LaTeX

- Markdown
- Quarto
- Microsoft Office Suite

Graphic Design

- GNU Image Manipulation Program (GIMP)

Research Methods and Applied Skills

- Categorical data analysis
- Data visualization
- R package development
- Git / GitHub
- Anaconda
- AI tools, with experience using their APIs
- *p*-curve and *z*-curve methodologies
- Creating surveys using Qualtrics
- Deep, up-to-date knowledge regarding best practices in the conduct of quantitative research

Academic Leadership and Service

York University

Psychology Undergraduate Mentorship Program (PUMP)

October 2025 to Present

- Executive Team:
 - Program Evaluation Committee
 - Collaboratively synthesized and reported on feedback given to PUMP
- PUMP Mentor
 - Students:
 - Umed Azimi
 - M. Shaheer Ahmed

October 2025 to Present
Fall/Winter 2025-2026

October 2025 to Present

Fall/Winter 2025-2026

Fall/Winter 2025-2026

Information Day for Graduate Psychology Programs

October 9, 2025

- Participated in a discussion panel followed by a lunch with professors and students, both prospective and current.

Professional Affiliations

- Statistical Society of Canada (SSC)—Associate Member
- Canadian Psychological Association (CPA)—Student Affiliate

April 2025 to Present

January 2025 to Present
